Final Draft: May 28, 2022

Eisenhower Personal Records

The following records have been compiled by looking back into the past issues of the Yakima Herald public and meet results that were found at Eisenhower. There will be past performances that may have been faster or farther but without documented records it would be difficult to enter them into the archives.

The exact months that the performances took place are not listed because they were not available in most cases. Those performances listed 1987 and later can be produced by contacting Mr. Phil English at Eisenhower High School.

As of November 1988, there is no minimum to the distances times that are listed in the archives. The number of athletes on the archives list will increase as the success of our program increases so we have to set minimum standards. This does not mean we will not keep the performances on record.

Ivan Alfaro is currently assistant track coach for Eisenhower High School, He researched and collected the documents from old Yakima Herald Republic microfilms in 1958-1986 in the Yakima downtown Library and 2007-present have results into Athletic.net. Also, I thanked to Scott Spruill, Yakima Herald Sports writer helped and provided the Eisenhower Track & Field results into old microfilms. I launched new all list for ambulatory in 2019 to present.
